Family Support Network

A Program of The Arc of Virginia

February Highlight

February was another exciting month at the VA General Assembly with more powerful parents meeting with their legislators on subjects that are important to them. Ayah from Botetourt County, Tina from Bedford County, and Amanda from Roanoke County all have young children with a developmental delay but drove for hours to come and speak with their legislators was an exciting but "unknown" learning process. "I'm glad I did this, I learned a lot." was one of many statements provided by these powerful moms.
